### CRAB ORCHARD.

Frank Watson left a few days since for Indiana.

Warrior Wallin is very sick with something like dropsey.

Miss Effie Ewell, of Louisville, is visiting Miss Bert James.

J. D. Steinbergen, late of Rowland, has moved to our little city.

Mrs. D. B. Riggs, of Franklin, Ind., has joined her husband, Prof. Riggs, here.

Mrs. J. W. Guest is visiting her daughter, Mrs. H. P. Vass, of Mobile, Ala.

Edie Hiatt returned home Tuesday, from a visit to her folks, at East Bernstadt.

Miss Ida Hoidam is at home again after spending a few days with friends in Stanford.

Mrs. Laiklu Chumley, of Anderson, Ind., is with her mother, Mrs. J. L. Anderson, who is very sick.

Miss Annie Evans, of Manchester, is spending some time with the Misses Annie and Kate Bronaugh.

A. W. Buchanan, secretary of Crab Orchard Fair Association, spent several days in Louisville this week.

Miss Sallie Carmical, of Mt. Vernon, is visiting Mrs. M. E. Riggsby and sisters, the Misses Holtzclaw, of Preachersville.

George Martin, of Cartersville, was here on the 4th, which was a quiet day at this place; not even a fire cracker was heard.

J. C. McWhorter, undertaker, has been enjoying a visit from his mother, who returned to her home Tuesday, at McWhorter.

Jo Shannon and family are visiting in Milledgeville. This is the first time Mr. Shannon has been out of town since he was shot.

Mr. Walter Wallin and Miss Emma Roberts, two popular young people of Gum Sulphur, were married in Stanford on June 26th. The writer extends congratulation.

Miss Mary Wilson, of Bee Lick, opened school at the Holmes schoolhouse, first Monday in July. Miss Mary is one of Lincoln county's first-class teachers, and I congratulate the patrons of that district on securing so efficient an instructor.

The katy-dids are here and so are the school-marms, one makes a noise at night, the other in daytime. I don't mean any reflection on the school-marms, for I handled the rod for thirty-five years myself, but whether I was an honor to the profession or vice versa, I leave for other critics to say.

If this is locust year, as some say it is, they are several years ahead of time. Your correspondent has seen three locust years, one in 1855, one in 1872 and one in 1889, so they are not due here until 1906. Probably they have caught the spirit of the times and adopted some of our speedy ways of locomotion, the automobile or bicycle for instance, and arrived here four years ahead of their regular time.

### QUAIL

John Marler was in this part Sunday.

Mitchell Norton was in this part Tuesday.

Vincent Poynter continues about the same.

Wm. Sowder Sr. is very low at this writing.

P. L. Griffin is some better at this writing.

John and William Cheek were in Livingston the first of the week.

Jack and James Sutton sold a part of their farm to G. W. Brown for \$350.

The teachers of this section are attending the institute at Mt. Vernon this week.

Joseph Oliver and son, Liff, from the river, were in this section the first of the week.

B. T. Adams, Wm. Clontz and family, were visiting John Adams, Saturday and Sunday.

Misses Alza and Ellen Brown, have returned home after spending a week most pleasantly with relatives and friends at Preachersville.

S. Morgan of Garrard has been in this county in company with G. A. Morgan, gathering up lambs. They have bought in the surrounding county about 2 car loads at 4 cts.

### SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. Sold by all druggists.

Cholera is spreading at a frightful rate in Manchuria.

It is stated that Aginaldo will visit the United States and go on the lecture platform.

### NEED MORE HELP.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at all druggists drug store.

### DISPUTANTA.

O. M. Payne went to Berea Sunday.

Mr. and Mrs. Tom Gadd have returned from Jellico Tenn.

Mrs. Annie Anglin, of Berea, visited homefolks a few days ago.

Madame Rumor says that J. E. Hammond will get married soon.

Miss Julia Cruse is visiting her grand mother, Mrs. Susan Shearer.

Mrs. A. T. Abney and little Son, Rubie, visited relatives at Berea, last week.

There will be preaching at the Clear Creek Baptist church Saturday and Sunday.

Lumber hauling is all the go now, with J. E. Hammond and Grover Thomas leaders.

Mr. and Mrs. J. W. Lambert, of Boone, visited Squire J. M. Reynolds and daughter, recently.

Miss Horn, from Detroit, Mich., came a few days ago to spend the summer with Miss Grace Clark on her farm.

Mrs. Han Abney and daughter, Miss Parrie Lee, and Miss Nora Owens, were the guests of your correspondent Sunday.

Mr. and Mrs. Willie Mullins and Sherman Swinford have returned from White Oak branch, where they have been visiting relatives.

### CURES WHEN DOCTORS FAIL.

Mrs. Frank Chiasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle. Sold by all druggists.

The coronation stands will not be removed, and it is expected they will be used for their original purpose.

A heavy frost which formed ice visited San Luis valley, in Colorado.

### SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

### SCRAPS.

(BY JET.)

A study of the list of names of the post offices of our country divulges many peculiar appellations of which the reading public have hardly even dreamed and no doubt many who scan this article will not be convinced of the truthfulness of it until they have further proof upon the subject. Such evidence can be furnished by any postmaster who is in possession of the official Postal Guide. One of our citizens has been reading up the matter and below is given the result of his investigations:

In the United States are found 6122 post offices with names ending with the affix ville; 733 with the prefix West; 670 North; 558 South; and 557 East. Mount is used as a prefix to the names of 445 offices; Saint to 324. There are 33 Washingtons, with many others using the name as a pre- or affix. Mount Vernon shows up with 23 and Vernon has 23 to its credit almost everything on Earth, movable and immovable, and even the firmament above and regions below, have been called upon for names to designate the places of delivery of Uncle Sam's vast mail.

There are the familiar names of Brown, Jones and Smith with their innumerable troop of relatives, all join in to assist the postal authorities besides furnishing the patronymics of the cousins their neighbors, uncles and aunts John George, Sam, Bob, Joab, Nehemiah Jabez, Luke Eli, Boaz etc. The ladies, also, appear with Charity, Ann, Sarah, Jane, Elizabeth, Lena, Mollie and a hundred more.

Some Kentucky points where it appears the alphabet was running low the committee on such matters no doubt did the best they could with the material at hand when they perpetrated such odd names as Red, Bet, Pon, Ida, Rig, Egs, Ino, Gest, Sip, Vox, O. K., Dot, Spa, Ip, See, Joe, Horn New and Tur.

To establish a zoo or menagerie one could find, by visiting different states, a Rat, Mouse, Wildcat, Mink, Raccoon, Rabbit, Hash, Elk, Otter, Lions, Buffalo, Tiger, Bison, Calf, Killer, Leopard, Monk, Bear, Horse Pasture, Crane, Crow, Eagle, Redbird, Swan, Lark, Dove, Jaybird, Grouse, Guinea, Hawk, Sparrow, Goose Lake, Buzzards Bay, Toadvine, Frog Level, Dogwood, Cowpens, Oxbow and Cattail.

In case our country is again called to arms to defend the rights conferred upon us by our forefathers, the following states can furnish supplies for the mobilization of troops: Georgia could start the ball to rolling by donating a Pistol, Mississippi a Gun, Pennsylvania a Rifle, Connecticut and four other states can furnish Cannon, North Dakota has the only Cannon Ball, Kentucky the only Powder mills,

Virginia and Georgia could send a Cap each, North Carolina could spare some Lead, Virginia a Lance and Swords creek. The Tonnahawk has not been buried in West Virginia, Texas and Maryland have a Bowie up their sleeves Dirksdown North Dakota should be able to render same aid. Shields are yet used in Michigan and other states. There is a Battle in Virginia Alabama has a Battle Ground. Indiana forces may kill more than others. A flag is procurable in Ohio, Arizona troops could bring a Flagstaff Georgia a Bayonet; Alabama a Shell; and one Warrior.

For repairs Kentucky ought to furnish a Trigger and Lock, South Dakota the Stock, and at election time some of the candidate might furnish the Barrel.

For transportation of the forces and supplies, a Wagon is found in Tennessee, and you don't have to wait for it Indiana has wagoner. Oregon will bring out its steamboat, Pennsylvania a railroad, Kentucky horse care, North Carolina the only horseshoe, and Oregon its solitary mule a saddle and bridle creek will come from Virginia; Texas can furnish a blanket and pack saddle, and in case of a breakdown of the wagon Maryland would loan her wheel.

Among the thousands of peculiar names with which enoffensive communities are inflicted are to be found in various states such as Alabama with Hope and Dismal, Arkansas, Sunshine and Sunset, California, Paradise and Noubet, Colorado Love and Ruff, Connecticut, Cascohh and Bantam, Delaware Bunting and Cannon; District Columbia Twinig and Terra Cotta; Florida, Picnic and Baggy; Georgia Delight and Lax; Idaho, Gimlet and Sweet; Illinois, Allright and Blood; Indiana Cyclone and Goodbye; Indian Territory, Jimtaw and Goingsnake, Iowa, Wax and Prosper; Kansas, Coal and Neutral; Kentucky, Halfway; and Back; (as bug) again Louisiana, Alma and Omega; Maine, Bunganue and Duckpond; Maryland, Fairy and Bier; Massachusetts, Barnstable and Monument (Beach); Michigan, Bravo and Leisure; Minnesota, Little Cobb and Big Bend; Mississippi, Lake and Hillside; Missouri, Zig and Wet Glaize; Montana, Belt and Sixteen; Nebraska, Rain and Rest; Nevada, Lonelocks and Duckwater; New Hampshire, Rye and Little Baaishead; North Carolina, Amity and Desolation; North Dakota, Cynch and Jerusalem; Ohio, Tobacco and Tariff; Oklahoma, Coin and Jester; Oregon, Moral, Grave and Looking Glass; Pennsylvania, Sun (dale), Moon, Star (light) and Turniphole; Rhode Island, Thierton Four Corners and Canesett; South Carolina, Nix and Kena; Tennessee, A B C, Joy and Void; Texas, Seclusion, Content, Glory and Fate; Utah, Drum and Bluff; Virginia, Sculight and Shade; Ver-

mont, Breadloaf and Waite; Washington, Haka and Steptoe; West Virginia, Industry and Pleasant retreat; Wisconsin, Lookout and Pa; Ya, Shakan and Ketchikan.

and Dogwood are the mentioned in honor of

is prominently mentioned

Slave (ry) is not known or anything nearer it than Bond.

There are nine offices beginning with a capital X.

Maine has the greatest number of places using the prefixes, North, South, East and West.

Bullock county Georgia has more offices with short names than any other county. It has 38 offices equiring less than six letters to spell each name, including Brag, Emit, Fly, Jimps, Jash, Sam and Tomato.

BANQUET.—The most enjoyable  
feature of the Rockcastle County  
Teacher's Institute was a magnifi-  
cent banquet, given by Miss Ida  
May Adams on Tuesday evening,  
from 8 to 11 o'clock. It was one  
of those grand and beautiful oc-  
casions with which Mt. Vernon  
has always honored the teachers of  
this county. Early in the evening  
long lines of beautiful gowns lean-  
ing softly on strong arms, moved  
slowly toward that home of hospi-  
tality and kindness. The lawn  
was provided with easy chairs; the  
grass and flowers, made the air  
fragrant and the surroundings  
beautiful. After chatting a while  
the teachers were highly enter-  
tained by a series of conundrums  
in which all took part. A picture  
guessing contest followed, in which  
Prof. J. W. Dinsmore of Berea,  
won the prize, which was one year's  
subscription to the Normal Instruc-  
tor. A flowing bounty of delicious  
refreshments were then served.  
The following is a list of those who  
registered: A. B. Furnish, Misses  
Carrie Frith, Susie Thompson, Al-  
tie Owens, Ellen Butler, Lola Han-  
sel, Sallie Dickerson, Georgia E.  
McFerron, Anna Thompson, Nan-  
nie Wells, Rachel Pennington, Mat-  
tie Dyre, Nannie Hysinger, Ida

## STOCK AND STABLE.

STUDY OF VENTILATION OF INTEREST  
TO STOCKMEN

Necessity of Cleanliness, Fresh Air  
and Sunlight to Secure the Best  
Results—System to Be Used at Pan-  
American Exposition.

The Pan-American Exposition will  
prove to be of more genuine benefit to  
those interested in the proper care of  
live stock than any previous effort in  
this direction. Stable construction is  
a question that appeals with great  
force to every farmer who is anxious  
to secure good results. The question  
of expense is a great barrier to the  
proper building of this necessity. Un-  
fortunately some of the early examples  
of good stables were built by men of  
large means, regardless of what the  
cost might be. As a result practical  
farmers were slow to take the matter  
up, as the idea of a properly con-  
structed stable became at once associated  
with great expense.

One object of Mr. F. A. Converse,  
who has charge of the live stock and  
dairy products at the Exposition, in  
building a model stable at the Exposi-  
tion is to counteract this erroneous im-  
pression.

A properly constructed stable is not  
necessarily an expensive one. Cleanli-  
ness, fresh air and sunlight, with a  
modulated temperature, may be ob-  
tained in a building of ordinary cheap  
construction if properly arranged.

A light, cheap framework covered  
with paper which is protected with a  
sheathing of very common boarding  
and covered with a good roof makes a  
very good start. This should stand on  
ground that is well drained and ex-  
posed to the sunlight, but protected  
from cold winds. The floor should be  
of cement and carefully designed to fa-  
cilitate cleanliness in every particular.  
Double doors, fly screens and dark  
blinds should be provided and made to  
fit properly.

A system of ventilation should be  
provided that will ventilate. Anything  
will not do. By excluding the cold and  
the light ordinarily we also shut out  
the fresh air, without which no ani-  
mal can thrive. Many stockmen are  
careful about the quality of the food,  
though careless about everything else  
in connection with the stable. In this  
manner they are protecting their stock  
in one direction while leaving them ex-  
posed in many others.

Stable air is devitalized by passing  
through the lungs. It is also being con-  
taminated by chemical decomposition  
of the excrementum as well as the  
fumes arising from the fermentation of  
damp bedding, etc.

To thoroughly understand how to  
properly ventilate a stable it is neces-  
sary to study the circulation of air at  
changing temperatures, which is gov-  
erned by fixed laws and may be easily  
understood. Warm air is lighter than  
cold air. Generally speaking, foul air  
is heavier than fresh pure air from the  
outside, even at the same temperature.  
Starting from this well known prin-  
ciple, ventilation should be arranged ac-  
cordingly. Fresh air should be let in at  
the top and the foul air taken out at  
the bottom.

By experimenting we find if we  
smoke a cigar in the middle of a room  
the fresh air in the other, the King  
system, draws the foul air out. As  
Mr. Converse prefers the latter, that  
is the system he will demonstrate at  
the Exposition.

It consists of an air stack with a  
hood, the opening of which is turned  
away from the direction from which the  
wind is blowing. To this main air pipe  
are attached feeders from different  
parts of the stable. These feeders have  
slide openings to admit and carry off  
the foul air from near the floor at the  
sides of the stable. Fresh air is ad-  
mitted through a central opening in the  
roof.

As the draft that is created by the  
hooded stack is sufficient to draw the  
bottom air from the stable, fresh air  
must go down through the central  
opening to take its place, and a change  
of air is a certainty. To prevent the  
intake from striking the animals too  
strong a shield is placed under the  
opening which assists in directing the  
flow of fresh air along the ceiling. In  
this manner it mixes with the warm  
air that naturally rises in the center  
of the stable, and all is intermingled  
and diffused.

With a good stable well ventilated  
and good feed intelligently fed the  
winter care of stock should be profit-  
able as well as pleasant.

Epidemics have no bad effects on  
such stock, and a visit from the board  
of health has no unpleasant conse-  
quences for the owner.

HERBERT SHEARER.

to pay his respects to President Krug-

was cruising the Spanish-American  
war broke out, and his first intimation  
of the fact was gleaned from the United  
States cruiser Oregon, which sig-  
naled, "Are there any Spanish men-of-  
war about?" Captain Slocum knew of  
none being in that locality. He dip-  
tantly replied, "No, but let us keep  
together for mutual protection!"  
It was on June 27, 1898, that the

which all Exposition visitors will want  
to enjoy.

## PERSONALS

Mace Miller is visiting home-folks.

Born to Mrs. S. N. Davis, a fine girl baby.

Walter Turpin has moved to Brodhead.

Mr. and Mrs. J. T. Gentry are visiting relatives here.

Mrs. W. F. Champ, of Paint Lick, is visiting home-folks.

Mrs. M. Hartz has returned from a visit to relatives at Pineville.

Tom French is clerking in J. Fish's store. He is alright too.

Miss Bertie Brock, of London, is the guest of Miss Risse Williams.

Dr. J. W. Samms was one of the visitors to the Institute, this week.

Charley Whitehead was in from Williamsburg for a few days this week.

Miss Lucile Hawkins, of Williamsburg, is visiting Miss Risse Williams.

Misses Bessie French and May Coffey were guests of Mrs. J. Fish this week.

Mrs. Dr. Childress, of Livingston, was visiting the family of J. A. Landrum.

Miss Ida May Adams gave a reception Tuesday night in honor of the teachers.

Attorney John W. Brown was in Livingston several days this week on legal business.

Mesdames M. C. Williams and Cleo Brown drove up from Stanford to spend the Fourth.

Mrs. W. R. Dillion was on yesterday's train returning from a visit to friends and relatives in Lincoln.

Mrs. W. L. Richards is at the bedside of her father Hon. B. F. Furnish, of Napoleon, Ky., who is sick.

W. F. Ames, a young banker from Glencoe, Ky., is assisting Cashier Richards in the bank this week.

Jeweler and photographer Joe Carson, and real estate broker J. F. Cooper of Livingston, were in town yesterday.

Mr. J. N. Brown was here Wednesday and told us that he was in better health than he had been for a long time.

Messrs Logan Hughes, George Saufley and George Menifee, three of Stanfords nicest young men, were here Sunday.

A. B. Furnish, returned from a visit to home folks in Gallatin county, and says his father, who had a paralytic stroke last Friday, is very much better.

Mr. J. C. Thompson, Lancaster jeweler, was here Wednesday and Thursday, visiting S. C. Franklin, for the purpose of gaining information in regard to ginseng culture.

Mr. and Mrs. F. H. Hardy left yesterday for Ala. probably to remain permanently. Mr. Hardy's father, who is an extensive lime dealer in that state, has been seriously ill for several weeks, and it is very necessary that his son come there and take charge of his business, but we trust that future developments will be such as to cause Mr. Hardy to return to Rockcastle. The enterprise of which he is at the head, is of much benefit to our county, besides we regret very much, to lose him and his most admirable wife from our number.

Misses Sallie and Ada Shelton, of Rowland, are visiting Mrs. C. C. Davis

## LOCALS

Don't forget the Crab Orchard Fair.

The public school will open Monday week, July 21st.

W. M. Poynter sold to J. M. Cress, 19 hogs for \$192.47.

The L. & N. will give a \$1.75 rate to Cincinnati tomorrow night.

The old soldiers reunion will be held at Crab Orchard the last of August.

The dates of the Crab Orchard Fair and Racing Association is July 23 24 and 25.

James Fish is making some improvements on his residence in the Northern part of town.

CORRECTION.—Miss Pearl Mullins requests us to say that our announcement last week, of her marriage is all a mistake.

KILLED.—Clayton George, of Laurel county was killed by a train at Orlando Friday night. He was supposed to have laid down on the track and gone to sleep.

The news has just reached us from Nelsonville, Ky., that the Rev. Hartsfield, pastor of the Christian church here has just closed one of the most successful meetings ever held at that place.

Miss Eva Fish brought to S. C. Franklin, our jeweler, who is gathering a collection of bugs, a very fine specimen of the bug kingdom. It is nearly four inches long, and has horns nearly one and one-fourth inches.

President Bastin and Secretary Maret were in Brodhead Saturday looking over the situation with a view of putting in an exchange at that place. Fifteen phones will get the exchange and several Brodhead people have already told us that it would be no trouble at all to get twenty or twenty five phones, so what else is necessary to make it go?

The Livingston base ball boys proved themselves to be warm members last Friday, when they defeated the Junction City team by a score of 8 to 6. Both teams played good ball, but the visiting team, although composed of the very best players to be found in Junction City, Danville, and Harrodsburg, were entirely too slow to handle the Livingston nine.

Mr. Joe Moore Sr. got his leg broken Wednesday afternoon, while trying to alight from a passenger train just as it was pulling out from the depot. Mr. Moore is the father of Joe Moore Jr. who is wanted here for the murder of Mrs. Jewel, at Withers some two or three weeks ago, and also of Henry Moore, who is now in jail here charged as being an accomplice to the deed.

HOUK.—Mr. James Houk, Sr., age 81, died Wednesday morning at 2 o'clock. He had been very feeble for several years, but had only been confined to his bed for about three weeks. Short services conducted by the Rev. J. C. Carmical were held at the Christian church yesterday morning, after which the remains were taken to the Maretburg burying ground and laid to rest. He leaves a wife and three children, Mesdames Joe Purcell and Nannie C. Albright, of this county and L. T. Houk, of Jamestown, Ind.

U. G. Baker and Bert Whitehead have bought the stock of goods belonging to Houk & Adams, at Livingston. An inventory of the stock was taken this week. Mr. Baker is already one of the best and most successful merchants in the county, and young Mr. Whitehead possesses all the qualities necessary for an up-to-date business man, endowed with plenty of common sense, combined with lots of push and energy. There is every reason to believe that this will be a most successful firm, and one of which the town of Livingston and the county as well, will be proud to boast.

Jack Carter, a 14 year old son of Mr. and Mrs. Lee Carter, deceased, of this county, was drowned at Eminence, Ky., on Wednesday evening. He had been an inmate of Masonic Widows and Orphans Home, Louisville, for past four years, where he had learned the printers art. A position was given him in a newspaper office at Eminence only a short time before his sad taking off. No particulars have been received as to how the accident occurred. The remains were brought here last night and will be buried to-day at the Lewis burying ground.

## TEACHERS INSTITUTE.

The Rockcastle County Teachers Institute convened in the court house in Mt. Vernon, Monday July 7th, 1902. The house was called to order at 9:30 a. m., by Supt. Ballard. Rev. J. C. Carmical, of the Baptist church, conducted the devotional exercises. J. J. Ping was elected Secretary and Miss Iola Hansel assistant Secretary of the Institute.

The teachers then came forward, enrolled and paid their fee. The following committees were appointed by Supt. Ballard:

Committee on Program—Profs. Dinsmore and Marsh, D. R. Gentry, P. H. Shuts, S. H. Martin and Miss Ella Joplin

Committee on Resolutions—T. T. Simmons, Lee Rash, J. A. Chasteen, L. H. Lynn and Miss Carrie Frith.

Committee on Entertainment—Miss Susie Thompson, Miss Anna Thompson, Miss Lillie Butler, Miss Emma Pennington and J. J. Ping.

Supt. Ballard then introduced Profs. M. E. Marsh and J. W. Dinsmore, who gave exceedingly interesting talks on the purposes and intention of a teacher.

Adjournment until 1:30 p. m.

Monday afternoon. After music and roll call, the subject of "school management" was taken up and interestingly discussed at length by Prof. Marsh, who was followed by short talks from R. E. Bell, Miss Ida May Adams and Prof. Dinsmore.

2:45 p. m. recess.

The subject of "Environment and its divisions" was discussed at length by Profs. Marsh and Dickerson.

"How teach diacritical marks" was well presented by Prof. Marsh. Hon. F. F. Bobbitt, of Crab Orchard was made an honorary member of the Institute.

## TUESDAY—MORNING.

The Institute was called to order at 8:30 a. m., by Supt. Ballard. After opening exercises the subject of "Reading" was interestingly discussed by Prof. Dinsmore and Mrs. Frank Coyle. Mrs. J. Lester, of Berea, gave a very instructive talk on the value of "myths, fables and fairy stories."

10:30 recess.

After recess the subject of "Arithmetic" was introduced by Miss Georgia McFerron, followed by interesting talks from Profs. Dickerson and Dinsmore. Miss Ida May Adams then very concisely and beautifully presented her method of teaching multiplication.

The discussion of "Grammar" occupied the remainder of the forenoon, and was participated in by Prof. Marsh and others.

12:00 adjournment.

## TUESDAY—AFTERNOON.

After opening exercises at 1:30 the Institute was favored by a highly entertaining speech by the Hon. F. F. Bobbitt, of Crab Orchard.

Miss Kate Dickerson, of Falmouth, Dr. Samms, B. J. and L. W. Betnorum and James Griffin were made honorary members of the Institute.

Physiology was then thoroughly discussed by Prof. Dinsmore, Miss Ella Joplin, R. E. Bell, A. J. Cress, R. W. Strong and others.

Some practical and highly appreciated experiments in the laws of "hygiene" were made by Prof. Marsh.

## WEDNESDAY—MORNING.

Supt. Ballard called the Institute to order at 8:30 a. m.

After the opening exercises the subject of "Composition" was introduced by Miss Ella Joplin, followed by Prof. Marsh, Mrs. Lester Hill, Prof. Dinsmore, T. T. Simmons and S. H. Martin.

"Primary" was next taken up and discussed by Prof. Marsh, K. E. Bell and others.

10:15 a. m. recess.

The remainder of the forenoon was given to the subject of "Arithmetic," which was able presented by Prof. Marsh.

12:00 noon.

## WEDNESDAY—AFTERNOON.

House called to order at 1:30 p. m. The subject of "Child Study" was thoroughly and ably presented by Prof. Dinsmore, followed by Prof. Marsh.

2:45 p. m. recess.

J. N. Brown was made a social member of the Institute.

The subject of "Geography" was then presented by Mrs. Lester Hill, who, by her original and instructive manner of treatment, showed herself to be master of the subject.

4:00 p. m. adjournment.

## THURSDAY—MORNING.

House called to order at 8:30. After roll call and song, the subject of "Grammar" was discussed by Prof. Marsh, after which the Institute indulged in the parsing difficult sentences, which brought forth some spirited arguments.

10:30 to 11:00 a. m. Adjourned out of respect for Jas. Houk, Sr., whose funeral was preached at the Christian church at that time.

The reading and answering queries occupied the remainder of forenoon.

11:00 o'clock adjournment.

## THURSDAY—AFTERNOON.

House called to order 1:30 p. m. Prof. Marsh took up advanced reading and showed to the Institute the prerequisites of, and how to become a good reader.

Mrs. Lester Hill then presented the subject of "Mathematical Geography" and clearly demonstrated, by the means of the tellurian and other instruments, the causes of the change of seasons, different lengths of day and night, the different phases of the moon, the width of the zones and why located where they are.

The remainder of afternoon was given to the organization of the Teachers Association.

The following is a list of the teachers in attendance at the Institute, by districts:

Mt. Vernon.—Miss Ella Joplin, Miss Susie Thompson, R. E. Bell, Miss Ida May Adams, Miss Maggie Hansel, J. J. Ping, S. E. Chandler, Miss Lillie Butler, G. C. ## ROCKCASTLE CIRCUIT COURT.

Rand, McNally & Co. ) Pffs.  
vs. ) Tem. order  
G. M. Ballard. ) Def't.

Plaintiff having presented a notice duly executed on defendant and made their motion in accordance therewith for a temporary order according to the terms of said notice and the Court having heard said motion at the Court House in Somerset, Kentucky, this June 25, 1902, it is now ordered that defendant G. M. Ballard, be and is hereby enjoined and restrained in his individual capacity and as Superintendent of Common Schools for Rockcastle County, Kentucky from in any way interfering with the further order of this Court with the adoption of School books alleged in the petition herein to have been made August 24, 1901, in so far as the same will affect the purchase of new text books by the patrons and pupils of the Common Schools of said County, and is hereby directed to establish and maintain said adoption with respect to books embraced in said adoption and published by Plaintiff that are hereafter purchased or acquired by said patrons and pupils for use in said schools, but this order shall not be construed to require said patrons and pupils until the further order of this Court, to purchase or acquire new books for use in said schools.

Defendant appeared by attorney and objected and excepted to foregoing motion and order.

No industry in the county of Pulaski is advancing more rapidly and proving more successful than the cultivation of ginseng. There are three of the largest ginseng nurseries in the United States established near Somerset, and there are ninety in all in the county. Since 1900 the value of ginseng gardens has increased from \$12,000 to \$160,000. These gardens are furnishing the product, seeds and roots for the starting of nurseries all over the North and West. One of the largest of these gardens has orders booked for September and October to the amount of \$10,000, another for \$4,000 worth of seeds alone. A stock company is being formed, composed of growers only, to establish a central supply nursery in the city of Somerset or near by. This company will cultivate the acquaintance of the Chinese ship-owners, and endeavor to deal direct with the merchants of the Orient.

The bulletin issued by the Census Office gives some interesting statistics of the agriculture of Kentucky. Of the 25,600,000 acres of land surface 21,979,422 acres are included in farms. These farms June 1, 1900, numbered 234,667, and were valued at \$382,004,890. Of this amount \$90,887,465 represents the value of buildings, and \$291,117,430 the value of land and improvements other than buildings. On the same date the value of farm implements and machinery was \$15,301,860, and of live stock \$73,739,106. These values, added to that of farms, gives \$471,045,856 as the "total value of farm property." The gain in the last decade in the total value of farm property was \$42,875,590. The increase in the value of land, improvements and buildings was \$35,565,530, in that of improvements and machinery, \$4,395,254; live stock, \$2,314,706. The value of the farm products in 1899 was 86.9 per cent greater than that reported for 1899.

kills, not necessarily suddenly, but SURELY. It preys upon the intellectual powers more than we realize. It consumes the vitality faster than nature can replenish it, and we cannot tell just what moment a temporary or complete aberration of the mind will result. Headache and pain should be promptly removed—but properly. Many pain cures are more harmful than the pain. Beware. If you would be safe, take

## Dr. Miles' Pain Pills.

"As a result of neuralgia I lost the sight of my right eye, and the pain I have suffered is incomprehensible, being obliged to take opiates almost continually. A friend gave me one of Dr. Miles' Pain Pills and it promptly relieved me. I then purchased a box and now my trouble is gone. They have also cured my daughter of nervous headache, and I heartily recommend them to others."—W. J. CORLEY, Bremond, Texas.
